

NEWS**MP Gokyo Food & Chemical enters partnership with DKSH in Europe**

MP Gokyo Food & Chemical markets TAMAVISCO® worldwide, a 100% plant-based rheology modifier derived from Tamarind seeds. We are pleased to announce that MP Gokyo Food & Chemical has signed an exclusive distributorship agreement for TAMAVISCO® in the Europe region* with DKSH's Business Unit Performance Materials, a leading distributor of specialty chemicals and ingredients.

*Territory: Denmark, Finland, France, Italy, Latvia, Poland, Portugal, Spain, Sweden, and the United Kingdom

TAMAVISCO® is an “advanced” plant-based polymer by upcycling the seeds of *Tamarindus Indica* L., which are by-products of edible tamarind fruit pulps. It functions as a thickener with luxurious sensory profile and as a unique gelling agent to bring fresh ideas of textures. TAMAVISCO® was launched in July 2021 to meet the growing demands of clean and safe ingredients in cosmetics and personal care markets.

[Learn more about TAMAVISCO®](#)

With the strong support by DKSH's sophisticated and specialized commercial and technical teams, as well as extensive distribution network, we expect our TAMAVISCO® to deeply penetrate into the European market and contribute to customers' product developments.

About DKSH

DKSH's purpose is to enrich people's lives. For more than 150 years, they have been delivering growth for companies in Asia and beyond across our Business Units Healthcare, Consumer Goods, Performance Materials, and Technology. As a leading Market Expansion Services provider, they offer sourcing, market insights, marketing and sales, eCommerce, distribution and logistics as well as after-sales services.
